

## Adventures of Sonic The Hedgehog

### Special 01 - Tails and the Music Maker

Based on Tails and the Music Maker Game on the Sega Pico

Due to the slightly different (younger) audience, the story is much easier and doesn't use complex words.

(Tails becomes orange in this episode)

In Robotnik's evil fortress, Dr. Ivo Robotnik is planning his next capture of Sonic The Hedgehog.

Dr Robotnik said, "This is my ultimate plan to catch Sonic."

Robotnik shows his henchmen, Scratch & Grounder a map with chilidogs on a white board.

Scratch asked, "What is it your nastyness?"

"These are my radioactive chilidogs, they will turn whoever into a different colour," Dr. Robotnik replied.

Grounder spoke, "It's a er... great plan, boss."

"Of course it is, I spent 10 of my precious minutes thinking of them", replied the Egg Belly.

Scratch asked, "Should we take them to Sonic?"

Dr Robotnik threw a screw at Scratch and missed. Scratch wiped his head but then another screw came and hit him.

"The easiest way dumb-bots is to fail a trap so Sonic can get the chilidogs", replied Dr. Robotnik.

Scratch & Grounder spoke together, "We won't let you down, Dr. Robotnik."

The two robots then left Robotnik's Fortress.

Inside the Mobius desert, Sonic and Tails are running when they stop near a chilidog stand that said Mac Chilidog.

Sonic said, "Smell that keed, yummy chilidog."

"Sonic! It might be a trap", warned Tails.

Sonic replied, "Of course it is, little buddy. I know who's behind this."

Sonic races to the chilidog stand since Grounder is disguised as a chef.

Sonic spoke, "Two chilidogs to go, with everything on them."

Grounder muttered to himself, "Not today, hedgehog."

"I've changed my mind, I have a root beer float instead", annoyed Sonic.

Grounder shouted, "Eat the chilidog, blue rat."

"Why can't you eat it? It's yummy." Sonic

Grounder "Okay, I will."

Grounder eats the chilidog and he started to rocket out of the desert, Scratch was also dressed up as a chef was walking towards the chilidog stand.

Scratch said, "If Grounder can't do it, I will and I get all the credit too. Bahahah!"

Scratch goes to the stand and puts a sign, "Free Chilidogs, Two Tailed Foxes ONLY!"

Tails rushes to Scratch not knowing that the chef is Scratch in disguise.

Tails asked, "Can I have one chilidog please?"

"Sure pal... anything for a two tailed fox"

Sonic asked, "Hey, what's going on? I'm suppose to trick the metal morons into the dogs."

"Sorry hedgehog, but we needed a change and nothing can fool me", said Scratch.

Sonic then spindashes towards Scratch which he fell down the nearest cliff.

Tails "This chilidog looks tasty."

Tails eats the chilidog while Sonic smelt the dog which was pongy and helded his nose. The two tailed fox then started to change from brown to orange and hiccuping while doing so.

"That chilidog doesn't look good, I can't believe I lost my appitade in my favourite food" Sonic spoke to himself.

Tails put his hands on his stomach.

Tails "I don't feel too well, Sonic."

"You're turning orange!"
